A TRIPLE TRIP.

An Alabamian Goes out to Settle a Feud, and Succeeds Admirably in His Purpose.

Carl Schurz Expresses His Opinion of Governor Cleveland's Purpose-The Official Count.

Lifted From one World to Another-Governor Hendricks En Route East-The News.

An Alabama Feud.

ST. LOUIS, Nov. 19.—A Chattanooga, Tenn., special says: In a sequestered portion of Marshall county, Ala., a triple tragedy was enacted last Monday night.

John Howard, a young man, armed himself with a double-barrel shot gun and proceeded to the house of neighbor, Henry Peak, to settle an old feud. When Howard entered the house unannounced Peak seized his rifle and shot him through the abdomen. Howard managed to stand up and fire at Peak, shooting him through the head, killing him instantly. Peak's wife then attacked her husband's slayer with a billet of wood, and Howard fired the remaining barrel at the woman, killing her. The double murderer lived two hours.

Small Pox Among British Troops.

DONOGHUE, Nov. 19.—Eight mild cases of small pox have occurred among the British troops. The camping ground has been changed and every precaution taken against the spread of the disease.

The Nile is falling rapidly and the large muggers are consequently unable to pass the cataracts and will possibly return. The expedition will be deferred until the next rising of the river.

IN CANADA.

KNOXVILLE, Oct. 19.—Rev. Father Fleming, of Tweed, states that the small pox is in seven families of that place. On Sunday two men died and the priest and grave-digger had to bury their remains as no assistance could be secured. Even doctors refused to attend the sick. To-day Father Fleming and two sisters of mercy left for Tweed, taking with them a supply of vaccine. A gentleman from Tawasworth says small pox is at the French village near that place and great fears are entertained of its spreading.

A Gas Store Explodes.

NEW CASTLE, Pa., Nov. 19.—While two plumbers were at work at the residence of George C. Hagan yesterday the gasoline forge which they were using exploded sending flames and pieces of the forge in all directions. James Stephenson and Henry Danlap, plumbers, were severely but not fatally burned. The clothing of Jennie Dewberry, domestic, who was standing near took fire and before the flames could be put out she was burned in a terrible manner about the face, breast and arms. It is thought, however, she will recover.

The Race War.

NEW YORK, Nov. 19.—Kierman's agent says: No material change in the race war was noticeable this morning. First class tickets can be had of brokers for \$8 and \$10 rates to Chicago. At the most it is only a matter of a few days. We have interviewed a number of railroad officials as to the probable duration of the war, and they say that it will probably last as long as that of 1861. The Pennsylvania, New York Central, Erie and Baltimore and Ohio were then the warring roads and the war lasted eight months and the Chicago rate was cut down to \$7. The situation now looks

more serious. The fight then was to pool rates, now it is essentially a local war between the West Shore and New York Central. The Pennsylvania is not in the fight, consequently it is not longer. As things stand now with the West Shore the principal disturbing element, the prospects of an early reconciliation are not encouraging.

The Conserving Board.

ALBANY, N. Y., Nov. 19.—The state board of canvassers met this afternoon at 3 o'clock. The official returns have been received from all the counties in the state except New York, Kings and St. Lawrence. Ex-Senator Roscoe Conkling arrived here this morning as counsel to the democratic state committee. Francis L. Stearns and Wm. C. Whitney are also there, it is now thought probable that the board will meet and adjourn until to-morrow when it is expected the returns from all the counties will have been received.

Michigan's Vote.

DETROIT, Nov. 19.—Official figures from all but five counties of this state make Blaine's plurality 1,274, the remaining counties increase it to 2,899. Alger, republican for governor, has a plurality of 2,512.

this city, delivered an address of welcome and President Brown responded, giving a detailed account of the work done by the association, referring particularly to the improvements in transportation and in the taking care of stock, directly caused by the work of the society. The convention will be in session several days.

Failure of a Private Banking House.

VINCENNES, Ind., Nov. 19.—The banking house of Hyatt, Levings & Co., of Washington, twenty miles east of this city, failed yesterday. The announcement created widespread consternation throughout that part of the country, as the establishment was considered in first-class condition and its stockholders thought to be gilt-edged. The institution was a private banking house and large part of the business was of Washington deposited with it. J. C. Bilheimer, one of the assignees, states that the liabilities will probably reach \$122,000, and the estimated assets are about \$100,000, if the figures of Mr. Hyatt, one of the firm, are correct. The individuals of the firm are Elisha Hyatt, Hiram Hyatt and Jared Levings. Others are also interested.

Ex Route.

PITTSBURG, Pa., Nov. 19.—Vice President-elect Hendricks and family and Senator Voorhees passed through the city this morning on the fast line enroute to Washington.

INTERVIEWED.

PLATTSBURG, N. Y., Nov. 19.—Vice President-elect Hendricks in an interview to-day stated that he could not give any opinion as to the probabilities of a sweep in federal offices but Senator Voorhees, who is with him, scouted the idea of his going on a political mission to Mr. Cleveland in regard to the share of the spoils which will be the apportionment of the Indiana democracy. They are both en route to Brooklyn.

Blaine as a Politician.

WASHINGTON, Nov. 19.—The Star says the following letter, received in this city to-day from Carl Schurz, gives further assurance that Mr. Cleveland will faithfully maintain the civil service law:

New York.

DEAR SIR: In answer to your letter of the 14th inst., I can only say that I believe Mr. Cleveland will faithfully carry out the civil service law. He favored the enactment of a similar law in this state and it has been strictly observed. Even doctors refused to attend the sick. To-day Father Fleming and two sisters of mercy left for Tweed, taking with them a supply of vaccine. A gentleman from Tawasworth says small pox is at the French village near that place and great fears are entertained of its spreading.

Yours,

CARL SCHURZ.

Fire.

CAIRO, Ill., Nov. 19.—W. Ludwig's saddle and trunk store burned last night. Loss, on house and stock, \$6,000. Insurance, \$4,000.

NEW YORK, Nov. 19.—Fire this morning in the third floor of 113 Fulton street did \$10,000 damage. The following are the losses, all well insured: Jas. Eggerston, printer, \$5,000; E. S. Holtman, drawing materials, \$2,500.

A Forest Blaze.

PEPPERSBORO, Va., Nov. 19.—A forest fire is burning in Greenbrier county, in the neighborhood of Hickford, this state. A considerable quantity of timber has been destroyed, together with some farm houses and a large amount of fencing. In consequence of a protracted drought the grass and undergrowth have become dry and the least spark will ignite it.

A City Council in Trouble.

LITTLE ROCK, Ark., Nov. 19.—In the circuit court, to-day, a verdict of \$10 each and one day's imprisonment was rendered against the mayor and aldermen, to be enforced unless, on January 1st, the market house, condemned as a nuisance, be removed.

The Congo Conference.

LONDON, Nov. 19.—The Berlin correspondent of the Times says: "The port, while maintaining her territorial rights at the mouth of the Congo river, has privately informed the members of the conference that she accepts the principles of free trade on the whole river."

Home into Another World.

YARDLEY, Pa., Nov. 19.—Two Frenchmen while erecting telegraph poles on Napanee, Tamworth and Quebec railway, were blown up while in the act of heating the line. One was killed instantly and the other is not expected to live.

Michigan's Vote.

DETROIT, Nov. 19.—Official figures from all but five counties of this state make Blaine's plurality 1,274, the remaining counties increase it to 2,899. Alger, republican for governor, has a plurality of 2,512.

PARIS, Nov. 19.—The people who are out of employment are organizing a monster demonstration for next Sunday a week.

Blaine as a Politician.

AUGUSTA, Me., November 19.—A large number of devoted personal and political friends of Mr. Blaine serenaded him this evening as an expression of personal good will and admiration of his conduct during the national campaign. They marched through the streets under the marshals of Col. Frank Nye. When they reached Mr. Blaine's house their compliments and friendly regards were expressed in a speech by Herbert M. Heath, of the Kennebec bar.

Mr. Blaine responded as follows:

[His speech being continually cheered.]

"Friends and neighbors, the national contest is over and by the narrowest of margins we have lost. I thank you for your call which if not one of joyous congratulations is one, I am sure of confidence and of sanguine hope for the future. I thank you for the public opportunity, you give me to express my sense of obligation, not only to you, but to the Republicans of Maine. They responded to my nomination with genuine enthusiasm and ratified it by a superb vote. I count it

one of the honor and gratifications of my public life, that the party in

Maine, after struggling hard for the

last six years, and twice within that

period losing the state, has come back

in this campaign to the old fashioned

of popular confidence and esteem

could equal that of the people, among

whom I have lived thirty years, and to

whom I am attached by all the ties

that enoble human nature and give

joy to human life. Along with

Maine, my first thought is of Pennsylvania.

How can I express my thanks

for that unparalleled majority of more

than 80,000 votes. The popular endorsement, which has deeply touched

my heart, and which has, if possible,

increased my affection for the grand

old Commonwealth, an affection which I inherited since my ancestry, and

which I shall transmit to my children.

But, I do not limit my thanks to the

state of my residence and the state of

my birth. I owe much to the true and zealous friends in New England, who worked so nobly for the Republican party and its candidates, and

which I shall transmit to my children.

HUSTLING HORACE.

The Gay Base Ball Manager Elopes With a Stage-Struck Grass Widow—A Spicy Bit of News From Grand Rapids.

HORACE PHILLIPS, the late manager of the Grand Rapids base ball club, is just now playing a brilliant social engagement. Horace made the acquaintance of Mrs. Clas. Annin, a wealthy grave widow of Grand Rapids, and buzzed into her willing ear stories of theatrical conquests and untold plenitude. The result is that the woman eloped with Mr. Phillips and left her parlor the following note:

DEAR PAPA: I have gone away, but please do not worry. I have done nothing wrong and will write and tell you all. Then you will not care, I know. I thought it best not to say anything until after I had departed. Don't mention about my leaving until you hear from me. I shall not be gone long, and will write you all about it as soon as I can. With love from ANNA.

The woman's papa has assurance that his daughter is now a member of "The American Four Consolidated Show," managed by Horace Phillips and now playing at Louisville. Mrs. Annin and Mr. Phillips have been married, it is said, and "Hustling Horace," as he was familiarly known, is a hero. Mr. Phillips frequently visited Fort Wayne as the guest of O. L. Perry and was quite a favorite in certain society. Mrs. Annin's father has a fine home just out of Grand Rapids and Mr. and Mrs. Phillips will soon repair to the rural retreat to get the governor's blessing.

HON. R. C. BELL is in receipt of the following letter from a personal friend and a leading lawyer of Alabama. It needs no comments:

CENTER, Ala., Nov. 11, 1884.
DEAR BELL: Let me shake with you. Let it just too good!

Our people are wild with joy over the election of Cleveland, and with it all nothing affords me personally so much pleasure as to know that Indiana is "with the best."

We look for an honest, pure and just administration under the great reformer—a return to the economic ways of the fathers. Then, too, reconstruction has truly begun. This great victory means no north, no south; a patriotic uprising of the people, an obliteration of the bloody shirt—one flag, one country, one people.

I intend going to the inauguration and hope to meet you there.

Again let me congratulate Bell and Indiana. Truly, your friend,

JO A. WALDEN.

Give my regards to Colerick. I know he is enthusiastic.

A School Entertainment.

A very pleasing entertainment was given by the young ladies of St. Auguste's Academy, Monday evening, at which the following program was carried out:

Essy—"The Late Campaign," ably handled by Miss Lillie Jellotte.

A Cautio—"Life," Miss Flora Long, accompaniment, Miss E. Kising.

Poem—"Wearthman Abbey," composed by Miss Ella Kising, read by Miss Mary Kising.

Laughable Declamation—"Von Bendl & Henleppiced," Miss Mary Kising.

"A School Girl's Essy," by Miss Jessie Horn, in which she humorously pictured the school girl's difficulties in composition.

Poem—"Joy and Sorrow," composed and read by Miss Flora Long.

The young ladies displayed exquisite

taste in composition and great ease in declamation. The audience expressed themselves well pleased and hope to meet the young ladies soon again on a similar occasion. An inspection of the art department of the school was a feature of the occasion, and the production of Miss May Grafe's brush was much admired.

A FORT WAYNE BOY KILLED.

Jack Swain Cut to Pieces by a Wabash Train at Danville.—The body to be brought here for interment.

This morning telegrams reached this city conveying the intelligence of the death of Jack Swain, a resident of Fort Wayne. Mr. Swain left here months ago and secured employment as a switchman on the Danville division of the Wabash road. Early this morning he was struck by a locomotive in the Wabash yards at Danville, and his body terribly mutilated. The dead man is a son of Jack Swain, who years ago kept a livery stable in this city, and a brother of George Swain, the hack driver, Mrs. Bonter and Mrs. Hall. His brother left this morning for Danville, Ill., and will bring the body here for burial. Jack Swain was charged with the murder of Jack Shuey, who was stabbed during the progress of a dance at the fair ground some eight years ago. The trial and subsequent acquittal of the young man are familiar to the readers of THE SENTINEL and need no comment. Swain has many friends here and his untimely end will be regretted.

The remains of Mr. Swain will arrive in the city at 7:45 this evening and be conveyed to the home of his mother at No. 73 DeWald street.

The attendance of visitors at the railroad reading rooms during the past few days has been: 205 on Saturday, at which time sixty-four baths were taken, 228 on Sunday, 200 on Monday and 170 on Tuesday. The month, so far, averages a daily attendance of 175 against 152 last month. Fort Wayne has good reason to be proud of this institution.

DR. PARF: I have gone away, but please do not worry. I have done nothing wrong and will write and tell you all. Then you will not care, I know. I thought it best not to say anything until after I had departed. Don't mention about my leaving until you hear from me. I shall not be gone long, and will write you all about it as soon as I can. The Ellison case in the branch superior court, with Judge Frazer on the bench, is progressing.

"I was all run down and Hood's Sarsaparilla proved just the medicine I needed," wrote hundreds of people. Try it now.

Jennie Dickson, a ducky belle who lives with T. Demosthenes Weaver, has applied for admission to the city hospital.

Why are broken heads like a rule in arithmetic? They are vulgar fractions, which can be cured by St. Jacobs Oil. Certain cure.

Mrs. J. E. Scully and Miss Scully, of Fort Wayne, are noted among the arrivals at the Grand hotel, Indianapolis, yesterday.

"The baby is sleeping"—at last, yes! But she would not have slept, nor would her mother, had not that fond parent been induced to try Dr. Bull's Cough Syrup. It cures the croaky cough that sounds so like nails being driven into the child's coffin.

J. L. Spencer and others have entered another suit against A. J. Taylor & Sons for \$8,500.

"My curse upon thy venomous sting," he said to his wildly beating pulse and bursting head. This may have been poetical, but it is not practical. How much better to get a box of Victoria Pills and cure this malarial fever at once. They are for sale by all drug-gists.

A BAD BLACKSMITH.
Jake Fink Comes to Town and Roughly Handles Mr. Neuenschwander—Then Leaves Locked Up.

Early this morning Jacob Fink, the notorious Leo blacksmith, came to Fort Wayne and found his way to the house of cell kept by Mr. Neuenschwander, on East Columbia street. The fellow was raving mad, and with the fury of a tiger he leaped upon Mr. Neuenschwander and roughly used the old gentleman, who was no match for the lunatic. Assistance came and Fink was held until the arrival of Sheriff Nelson, who ironed the fellow and locked him up. This afternoon Fink was adjudged insane, and will be sent to the state asylum. Fink has been at the hospital three or four times, but never received permanent relief from the malady. He made three or four attempts to murder his family and often fortified his house to prevent his capture. Nearly every Allen county sheriff has arrested Fink, who is a bad character when possessed of his insane freaks.

The Cleveland Calligrapher.

Hon. Montgomery Hamilton has received the following telegram, which explains itself:

CLEVELAND, O., Nov. 19.
To Montgomery Hamilton, President Jeffersonian Club, Fort Wayne.

A monster jollification of the democracy of Ohio will take place here Saturday night next. The place of honor has been assigned the Jeffersonians, and we insist on their coming. Answer.

JACOB J. MAZOR,
President Young Men's Cleveland and Hendricks Club.

The governor has not yet sent a messenger for the official electoral vote of Allen county, as directed by law. The returns must be in before November 24 and County Clerk Maier will see that they are there in time.

The clever Haulions appear at the Temple opera house to-night in "Le Voyage en Suisse." These people are clever in their pantomime business and ought to pack the temple.

Lydia Hare has sued George Heizer for possession of real estate and to recover \$1,000 damages for alleged illegal occupancy of the land in question, which is situated in Lafayette township.

Henry Linnebier and Mina Burching have been granted a marriage license.

Be Good with it.

A recent philosophical treatise says: "We can endure many an ache and pain, if it is soon over." Then let us have it over as soon as possible. The pain of neuralgia, for instance, or rheumatism, or the army of various pains that follow in their train. Get a bottle of Brown's Iron Bitters right away, and go to work on them. Mr. Jacob Barnes, of Barnesburg, Ohio, writes: "Brown's Iron Bitters relieved my wife of great nervous prostration which was so severe that she had to keep her bed."

Diedrich Schiefer has resigned his position as librarian of the German Lutheran library association and the trustees accepted the resignation last night. Christ Piepenbrink will probably be his successor.

The Indians, knowing the value of wild cherry bark as a cure for coughs and colds, used to prepare it in their rude way and in winter kept it constantly on hand. The careful and secret method of preparing Dr. Wistar's Balsam of Wild Cherry makes it superior to all other preparations. It is very pleasant to take.

A convincing test of the merit of a medicine is in the public demand for it in communities where it has had a trial. Most especially is this so when the disease is of the character that has stubbornly resisted the ordinary remedies. Rheumatism is one of that class and it is evident that when the conquering agent has become once known to the public, the glad news will be quickly spread in order that discouraged sufferers may take new hope. Such was the case in the town of Mt. Gilead, Ohio. J. L. Swingle, a druggist, wrote: "Please send me some advertising matter. I have worked up quite a demand for Athlophore. It is doing wonders among the rheumatics."

Hon. Charles McCulloch says there is a feeling in Washington that Grover Cleveland will give the country a wise, conservative administration. In his appointments he must be conservative, because the republican senate can refuse to confirm the candidates, and the civil service law will protect many official heads.

From Death's Door.

M. M. Deverean, of Ionia, Mich., was a sight to behold. He says: "I had no action of the kidneys and suffered terribly. My legs were as big as my body and my body as big as a barrel. The best doctors gave me up. Finally I tried Kidney Wort. In four or five days a change came, in eight or ten days I was on my feet, and now I am completely cured. It was certainly a miracle." All druggists keep Kidney Wort which is put up in both liquid and dry form.

U. S. Surgeon Recommends it.

Dr. J. M. G. Thelton is a U. S. surgeon, residing now at Bloomington, Ind. The doctor writes to say: "I recommend Sammamanit Nervine because it cures epilepsy." Physicians generally are its friends.

Danger from Catarrh

That exceedingly disagreeable and very prevalent disease, catarrh, is caused by serous talus in the blood. Hood's Sarsaparilla, by its powerful purifying and vitalizing action upon the blood, speedily removes the cause, and thus effects a radical and permanent cure of catarrh. Those who suffer from its varied symptoms—uncomfortable flow from the nose, offensive breath, ringing and bursting noises in the ears, swelling of the soft parts of the throat, nervous prostration, etc.—should take Hood's Sarsaparilla and be cured.

The Best Medicine

"I have suffered with catarrh in my head for years, and paid out hundreds of dollars for medicines, but have heretofore received only temporary relief. I began to take Hood's Sarsaparilla and now my catarrh is nearly cured, the weakness of my body is all gone, my appetite is good—in fact, I feel like another person. Hood's Sarsaparilla is the best medicine I have ever taken." Mrs. A. Cummingham, Providence, R. I.

Catarrh and Impure Blood

"Hood's Sarsaparilla has helped me more for catarrh and impure blood than anything else I ever used." A. Ball, Syracuse, N. Y.

"I suffered three years with catarrh, and my general health was poor in consequence.

When I took Hood's Sarsaparilla I found I had the right remedy. The catarrh is yielding, as Hood's Sarsaparilla is cleansing my blood, and the general tone of my system is improving." FRANK WASHBURN, Rochester, N. Y.

Hood's Sarsaparilla

The Bond Bread.

A. J. Langhor has purchased the right and title to make and sell what is known to our citizens as "Bond's Bread." Mr. Langhor still retains the same baker that Mr. Bond employed, and also in addition has engaged a confectioner who has had twenty years' experience in that business, and will be pleased to furnish all with bread, cakes, confectionery, ice cream, etc., on short notice.

The old customers of the Bond bakery should understand that Mr. Langhor is the sole and only successor to Mr. Bond, and the only baker who makes the "Bond Bread," which has gained such an enviable reputation in this city. Be not deceived by others, but leave your orders with Langhor's Bakery, 142 Broadway, if you want the genuine Bond Bread. Goods delivered to all parts of the city.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle, 10c.
